

To Members, Supporters & Friends...

As a small voluntary organisation we are dependent on the income from membership subscriptions and donations to keep going. Last year we changed the due date to the 1st February for membership renewals in the hope that this would be easier for everyone to remember and reduce the amount of time and cost in sending out reminders.

If you would like to become a full member please download the application form at: <http://www.factuk.org/about-us/join-us/full-membership-forms/> or contact the Secretary at sec@factuk.org for details.

If you haven't paid this year's subscription, which fell due on 1st February 2015, we urge you do so at your earliest convenience. If you have any questions or are unsure if yours is due please contact the Secretary.

If you can, please include a donation over and above your subscription as this helps us to help more people faced with the horror of false allegations. The subscription hasn't increased for some years and it really does make a difference in our fight and support work. Donations are of course welcome throughout the year and we welcome the support of friends and family members as well.

If you are not directly faced with a false allegation but would like to support our work by becoming a 'Friend' or 'Associate' we should be delighted! See our website for full details: <http://www.factuk.org/about-us/join-us/associate-membership-form/>
